## SELECTED BIBLIOGRAPHY

This project, “**OROFACIAL MYOFUNCTIONAL DISORDERS: Dx, Rx, Tx, & Px**” is coordinated by the Academy of Orofacial Myofunctional Therapy (AOMT), a USA based post graduate training institution that specialises in training allied health professionals in Orofacial Myofunctional Therapy. This project is also supported by the Academy of Applied Myofunctional Sciences (AAMS), an international, non-profit NGO and membership association engaged in advancing research, standards, education, and public health initiatives in the area of Orofacial Myofunctional Therapy worldwide.
